Happy New Year to my fellow Rotarians!

Fellowship is one of the five core values of Rotary: Fellowship, Integrity, Diversity, Service and Leadership. The Rotary Four-Way Test stated "Will it build GOODWILL and BETTER FRIENDSHIP? "

During 2014-17 when PDG Andre Suharto, PDG Philip Chong and PDG Michael Yee were the district governors then, I was the District Fellowship Chair for the consecutive years. We started to have more fellowship activities in line with the various regional seminars and major district events, it also started the trend of visiting club installations across the various regions in our district.

I have often spoken about the 3 "F"s: Fun, Fellowship and Friendship in Rotary. As Rotary members, the friendships and bonds we forge are very key. At the heart of Rotary, it is through "the development of acquaintance as an opportunity for service"

Rotary is fun! Through service projects, social events, meetings and community actions, Rotary provides many opportunities to laugh, experience new activities and enjoy the company of others.

Rotary was founded on fellowship, developing relationships with club members continues to be a focus of Rotary Clubs. Rotarians enjoy the privilege of attending club meetings all over the world and establishing friendships that last a lifetime. With over 46,000 Rotary and Rotaract Clubs worldwide, you have a friend in Rotary wherever you go, and the opportunity to make new friends is tremendous. You can collaborate twin clubs, other clubs and partnering organizations on service projects.

Your club connection gives you the chance to develop skills like public speaking, project management, and event planning. You will meet interesting people from your community and around the world. You will work on local and international issues that are important to you and your fellow club members. You will have opportunities learn to motivate, influence and lead leaders. Rotary empowers members to lead others to impact their community in a positive way.

With the right amount of inspiration and involvement, any club can build the bonds that last for many years. Let's get new members involved immediately, have more social events so that your members bond together and are comfortable to work on projects together.

One of the best ways to build that Rotary bond is through club service projects. The feeling a new member gets by "Doing Good" is an addictive one. By having more smaller projects you keep your members involved and keep those good feelings flowing on a regular basis. What binds Rotary members together is a common desire to do good in the world.

Rotary provides avenues to provide positive impact to service programs that address such concerns as health care, food insecurity, poverty, literacy, and the environment. Rotarians experience the fulfilment that comes from giving back to the community. You and your clubs set goals for the projects for which you are most passionate and work collaboratively to make positive change. In addition, many families have multiple members in Rotary & Rotaract clubs, you can enlist the assistance of family members to make Rotary projects more successful, which makes Rotary a great way to strengthen family bonds too.

One of Rotary's highest objectives is to build goodwill and peace throughout the world. Through the myriad of programs Rotary members engage, members learn much about the cultural norms, customs and struggles that impact people throughout the world. Through our unified vision of making the world a better place, our programs and activities, we will gain access to valuable experiences, which may otherwise not be possible. These experiences can lead to better inter-personal relationships, better business experiences and greater personal growth.

Let's work towards creating Rotary bonds and friendships that just may last a lifetime! Have a successful Rotary year 2022-23. IMAGINE ROTARY!

Being asked to Imagine Rotary can seem like a big, heady exercise, but the most important element of it is something quite small, even personal.

Not too long ago, Rotary members were expected to perform our acts of service quietly. I understood and appreciated the thought behind that — humility is a wonderful trait, and we should continue to nurture it in other ways.

But keeping Rotary to ourselves has a cost. and by sharing our Rotary moments, we are being generous with others and giving them an opportunity to understand the impact of Rotary.

It brings to mind that wonderful aphorism: “People will forget what you said. People will forget what you did. But people will never forget how you made them feel.

So how do we make people feel Rotary? The best way is to share our Rotary moments. We have all had them — when the ordinary collides with intention to create something extraordinary.

Some people have those Rotary moments the first time they go to a meeting. For others, it can take years, before seeing the joy in the eyes of someone we serve. Or perhaps in hearing from another member something that hit close to home.

As Nick and I share this journey, we are amazed at the work you are performing and the lives that are transforming. Throughout the year, I’m going to share with you the sights and the stories that made those tours meaningful for us.

I hope you can do the same in your corner of Rotary. It can be something you share in meetings or on social media. For the most savvy and ambitious, it could be an event you publicize with local media. Even sharing your stories with friends has impact.

We need ambassadors for Rotary’s message and our dreams for a better world. The best ambassadors are you. The more you share stories — and share them from the heart — the more you encourage others to partner with us, to join us, and to stay.

To give you just one small example, in the months ahead, I will be turning over this column to Rotary members who will share their personal stories as they relate to diversity, equity, and inclusion in our organization. It’s important that we hear these stories directly from the people who experienced them as a way of feeling the importance of DEI for the future of Rotary.

In everything we do, what people feel about Rotary will shape our future. I can only imagine what you will inspire through the stories you’ll tell.

While sitting with a group of Rotary leaders outside of Lusaka, Zambia, I ask a question: “How many of you have ever had malaria?” Every hand in the room goes up. They even begin to tell me about the first, second, or third time they experienced the disease, one of the main causes of death and sickness in many developing countries.

They are fortunate. They have access to medical treatment and lifesaving medicines. For the people of rural Zambia, their story is very different.

On a wooden bench in a small village, I sit with Timothy and his young son Nathan. With a camera crew capturing our conversation, he tells me of the time Nathan showed signs of malaria. He brought the boy to the nearby home of a community health worker, where Nathan quickly received medicines that in all likelihood saved his life.

Calmly, Timothy tells me about his other son’s bout with the disease a few years earlier. He had to race that son to a medical clinic more than 5 miles away. Riding a bike and carrying his child on his back, he tells me, he could feel his son’s legs turn cold and then his little body go limp. As he finally entered the clinic, he screamed for help, but it was too late. The camera stops rolling, and we sit in silence. He begins to weep, and I hold him tightly. “I lost my son, I lost my son,” he says.

This story is all too familiar for the families we meet over the next few days. And yet there is hope. Partners for a Malaria-Free Zambia is Rotary’s first Programs of Scale grant recipient, and it is saving lives. Across two provinces of Zambia, 2,500 volunteer health workers have been selected by their communities. They are trained to bring medical care closer to those who need it, and they are able to diagnose and treat malaria and other ailments.

Rotary partnerships create lasting change.

Many of you will recall my challenge to Rotary clubs when I was RI president in 2017-18: to plant one tree per member to help the environment. Thanks to you, we estimate over 4 million trees went into the ground in Rotary's name – quite a forest indeed.

This month, as we celebrate The Rotary Foundation, let's remember that each Foundation project is much like planting a tree. With each sapling of hope, health, and peace we plant through the Foundation, we make an investment in the future that will one day grow into something even greater.

Such a tree was planted by Rotary in Sri Lanka, where more than 2,000 children born annually with a congenital heart defect can now get a corrective surgery that allows them to survive to adulthood. Local Rotarians identified the need to make the surgery more available and effective, and rallied 17 Rotary districts around the world to contribute District Designated Funds. After the Foundation matched those funds, a total global grant of \$365,000 was used to create the first human heart-valve tissue bank in Sri Lanka, with the government providing the building, staffing, and supplies to ensure its sustainability.

Visiting this life-saving facility in 2017 was an unforgettable experience for me. But I have seen countless other great "trees" planted across our seven areas of focus. We planted PolioPlus in 1985 and it has grown into one of the greatest public health initiatives in history, helping reduce cases of wild poliovirus by 99.9 percent. Seven Rotary Peace Centers around the world have also taken root and are now bearing fruit as scores of peacebuilders and community leaders go forth with the skills to make the world more safe and secure.

Charity Navigator, an independent agency, has given The Rotary Foundation its highest ranking for more than a decade. Why? Our overhead expense level is much lower than most similar organizations – 91 percent of gifts to the Foundation go to programs and operations. Not only are we efficient stewards, but Rotary's requirement of a community-needs assessment for global grants helps ensure the sustainability of our projects over the long term. And the Foundation is a charity you can trust because it is run by your fellow Rotarians.

However, only about 38 percent of members actively support our own organization's great charity. We can and should do better. Just as I challenged you to plant trees as president, as Foundation trustee chair I would like to challenge each club to make a giving plan for our Rotary Foundation this year.

Imagine our impact – Rotary's great forest of hope and peace that will flourish – and please give today.

We all make hundreds if not thousands of decisions daily. Whenever I need to make an important decision, I remember the words of Roy Disney, who co-founded what became the Walt Disney Co.: "It's easy to make decisions when you know what your values are."

Each of us brings a set of personal values into our clubs. Rotary also unites by a set of core values – service, fellowship, diversity, integrity, and leadership – that guide our decisions and galvanize us to take action and, by doing so, change the world.

Another value is inextricable to Rotary: our giving spirit. From the club members who volunteer their time for service projects to the Rotary leaders in the Arch Klumph Society who sustain our Foundation, Rotary members are among the most generous people I have ever met. Combining our personal generosity with the countless ways Rotary affords us to give back makes us a global force for good.

In Rotary, we take it a step further. We also value good stewardship, planning, and sustainability. Not only do we give, but in Rotary we also give smart. We know that building sustainability into our projects means their impact will be felt over the long term.

In short, through the Foundation, your gifts keep on giving.

This is why donating to The Rotary Foundation is one of the most intelligent decisions you can make. You know that your gift will align with those values you hold dear and that it will be administered by your fellow Rotarians, who share those values.

It is quite an understatement to say that in giving to Rotary, we also receive. As someone who has been privileged to visit hundreds of Foundation projects around the world, I can tell you that the gift we get in return is priceless.

I hope you, too, will be as lucky I have been, to see the look of amazement on the face of a person at an eye clinic in Chennai, India, who now sees clearly. The proud smiles of Guatemalan children who learned to read thanks to Rotary. Or the grateful tears of a parent in Pakistan whose child has received two drops of polio vaccine. Then you will understand what I'm talking about. We are so fortunate to be able to serve humanity by supporting our Foundation.

During this season of giving, I thank you for your generosity to The Rotary Foundation and for all the ways you give to our great organization. Juliet and I extend our warmest holiday greetings to you all.

## Rotary charity golf tournament raises RM10,000

**KUCHING:** The Rotary Charity Golf Tournament organised recently at Sarawak Golf Club (KGS) by Rotary Club of Kuching Central (RCKC) raised a total of RM10,000 for various rotary projects.

The tournament was launched by District 3310 governor Joanne Kam and was witnessed by club president Michael Kuan and organising chair Sarbjit Singh Khaira.

The charity event is part of RCKC's annual Pan Borneo Meet (PBM) 2022, organised by the club's immediate past president Andrea Chan.

PBM is an annual inter-club event that gathers rotary clubs to join in the spirit of fellowship, peace and understanding to further the guiding principle of 'Service Above Self'.

A total of 82 golfers took part in the tournament with some participants coming from Sabah, Brunei, Johor and Singapore.

The participants' flights were sponsored by Tupong assemblyman Fazzrudin Abdul Rahman, Kuala Rajang assemblyman Datuk Len Talif Salleh, Deputy Prime Minister Dato Sri Fadillah Yusof, Deputy Minister in the Sarawak Premier's Office Datuk Abdullah Saidol, and Transview Golf (Sarawak) Sdn Bhd.

Each participant contributed an amount of either RM350 (KGS golfers) or RM450 (non-KGS members).

Meanwhile, the hole-in-one prize of RM11,000 was sponsored by Lexus Boulevard Kuching. Other sponsors for the event

included Dato Sri Victor Hii, Dato Roland Ngu, Kuan, Kiam Ngee Jong, Frankie Ong and Roland Phang.

The Rotary Club of Kuching Central is one of the most vibrant rotary clubs in Kuching which supports charity-based community projects.

Some of the club's previous projects include cataract operations for the lower-income group in rural Sarawak; water and sanitation projects for villages and schools; literacy projects; and school uniform contribution.

The car rally took them from Singapore to Pontian, Tangkak Melaka, Muar, Kluang, Mersing and Batu Pahat. They visited the dialysis, physiotherapy and palliative care centres in Pontian built over the years after much perseverance from a small team of 5 from Rotary Club Of Pontian.

Then they were off to Kluang for lunch and bonding with members of Rotary Club of Kluang. At Muar they handed out End Polio bags to shoppers at the shopping mall with members of Rotary Club of Muar.

Later they were hosted to lunch and attended a meeting with the Rotary Club of Bandar Penggaram Mandarin. At Tangkak, they had a kopitiam break and fellowship with members of the Rotary Club of Tangkak Ledang with a tour of the 100 years old temple.

In Melaka, participants went on a short tour of the historic sites of Melaka followed by a walk down Jonker Street. They had dinner later with members of Rotary Club Kota Famosa Malacca.

In Mersing they attended the installation dinner of the new President of Rotary Club of Mersing.

Finally at Batu Pahat they had a meeting and sharing of new developments with Rotary Club Of Batu Pahat 峇株吧轄扶輪社.

The culmination of events was a zumba party hosted by Rotary Club Of Batu Pahat 峇株吧轄扶輪社 where 1600 Rotarians and friends danced the night to loud cheers and flashing lights. Throughout the trip, the message of End Polio prevailed with donations made and pledges to eradicate the world of a dreaded disease forever.

22/09/2022 End Polio Now 2022 Fundraising Campaign

Organised by the RI District 3310 Rotaract Committee with Ryan Yap, the End Polio Now 2022 Fundraising Campaign Organising Chairperson, the Rotaract Clubs of RI District 3310 came together as we launched the End Polio Now Fund-Raising Campaign in support of the District 3310 Polioplus Committee. The campaign was launched on the 22th of September 2022 by District Governor Joanne Kam and ended on the 24th of October 2022.

This year's fund-raising was a purple shirt, designed by our District Rotaract Communications Director Hao Mun, with the front stating End Polio Now and the back with the Rotaract 3310 Logo.

05/11/2022 Fellowship Night with local Rotarians

The Rotary Club of Tawau Tanjung invited all our Rotaractors and also the Interactors from Interact Club of Sabah Chinese High School to a fellowship night at Tawau Yacht Club. The aim of this activity was to strengthen the bond between the clubs and update on the latest status of the club. Submitted by Lim Song Ning, Club President. Rotaract Club of Institute of Science and Management.

# 2022-23 NEW PAUL HARRIS SOCIETY MEMBERS

## THE ROTARY FOUNDATION

Rotary started with the vision of one man – **Paul Harris**

The Paul Harris Society recognizes Rotary members and friends of The Rotary Foundation who elect to contribute \$1,000 or more each year to the Annual Fund, PolioPlus Fund, or approved global grants.

The purpose of the Paul Harris Society is to honor and thank individuals for their generous, ongoing support of The Rotary Foundation.

Rotary districts often honor new members of the Paul Harris Society by presenting them with a certificate and chevron at a district or club event.

The following Rotarians have pledged to contribute to a Paul Harris donation of USD1000 per Rotary Year. A total of 10 new Paul Harris Society Members have come forward thus far this year.

# 2022-23 NEW POLIO PLUS SOCIETY MEMBERS

## THE ROTARY FOUNDATION

Rotary has been working to eradicate polio for more than 35 years. Our goal of ridding the world of this disease is closer than ever.

As a founding partner of the **Global Polio Eradication Initiative**, we've reduced polio cases by 99.9 percent since our first project to vaccinate children in the Philippines in 1979.

Rotary members have contributed more than \$2.1 billion and countless volunteer hours to protect nearly 3 billion children in 122 countries from this paralyzing disease. Rotary's advocacy efforts have played a role in decisions by governments to contribute more than \$10 billion to the effort.

Today, polio remains endemic only in Afghanistan and Pakistan. But it's crucial to continue working to keep other countries polio-free. If all eradication efforts stopped today, within 10 years, polio could paralyze as many as 200,000 children each year.

The Polio Plus Society is an organization of like-minded individuals who have committed to contribute \$100 or more each and every year to Polio Plus until the world has been declared free of the Wild Polio Virus. This is our commitment to fulfil the promise Rotary made in 1985 to immunize all the children of the world. All donations will be matched 2 to 1 by the Bill and Melinda Gates Foundation

The following Rotarians have pledged to contribute to a Paul Harris donation of USD100 per Rotary Year. A total of 105 new Polio Plus Society Members have come forward thus far this year.

## *DISEASE PREVENTION AND TREATMENT*

Rotary supports activities that reduce the causes and effects of disease. We enable members to prevent and treat disease and support people's health by promoting projects that limit the spread of communicable diseases, reduce the incidence and effect of noncommunicable diseases, and strengthen health care systems.

A health care system includes the public, private, and nongovernmental organizations that provide health services. The World Health Organization considers a good health system one that "delivers quality services to all people, when and where they need them."

We can accomplish our goals in disease prevention and treatment by: • Improving the capacity of local health care professionals • Promoting disease prevention and treatment programs that limit the spread of communicable diseases and reduce the incidence and effect of noncommunicable diseases • Strengthening health care systems • Providing clinical treatment and rehabilitation for physical disabilities • Funding graduate scholarships for career-minded professionals related to disease prevention and treatment

If your assessment did reveal economic and community development needs, they likely fall into one or more of the following categories:

- Youth unemployment
- Obstacles to entrepreneurship
- Barriers to agricultural opportunities/ livelihood
- Lack of resources to address extreme poverty

Download this publications at <https://my-cms.rotary.org/en/document/disease-prevention-and-treatment-guidelines-global-grant-funding> to find out more about how your club can apply for Global Grant Funding relating to Disease Prevention and Treatment.

## VOCATIONAL SERVICE

### ETHICS AND VOCATIONAL SERVICE

THE FOUR-WAY TEST and Rotary's CODE OF CONDUCT provide an ethical roadmap for Rotarians in the workplace and other areas of life. "I believe that Rotary's reputation for integrity and high ethical standards is one of its strongest assets for attracting young people," says Paul Netzel, past chair of the Vocational Service Committee. Here are some ways to take action:

- **DEDICATE TIME** to discussing the importance of The Four-Way Test and the Rotary Code of Conduct. Be sure to talk to new members about the importance of these documents as guiding principles.
- **ORGANIZE A WORKSHOP** on ethics in the workplace and invite local business leaders to attend. To help participants build practical skills, consider including an open discussion on ethical dilemmas.
- **GIVE AWARDS** to businesses or professionals who demonstrate high ethical standards in their treatment of employees, customers, and the community.
- **SPONSOR AN ESSAY OR SPEECH CONTEST** for young people. Hold local or regional competitions for students to address the theme "What The Four-Way Test Means to Me."

### CONNECT WITH COLLEAGUES THROUGH A ROTARY FELLOWSHIP

MEET OTHER ROTARIANS in your line of work. The fellowships below focus on sharing best practices and promoting friendship among Rotarians of a certain vocation:

# Update your club activities and projects for Public Image!

By PP Elsie Chua, D3310 Communications Chair  
RY2022-23, email me at [elsie.rotary@gmail.com](mailto:elsie.rotary@gmail.com)

Dear Fellow Rotarians,

I note with concern that a number of clubs have not been updating your websites and social media platforms. Some had been updating once every few months and a few have not even updated for a couple of years..

The most popular channel is on our District 3310 Whatsapp Chat group but that only reaches out to primarily Rotarians. It is important to alleviate the profile of Rotary in our community and that requires every club's effort to show that we are all People of Action in your owned media platforms!

Learn how you can do all of this at the Rotary Brand Center:

<https://brandcenter.rotary.org/en-us/>
