Dear Rotarians,

First human capital conference on healthy ageing & lifelong employability

To mark our 40 years of service to the community, the Rotary Club Jurong Town (RCJT), with the support of Ministry of Manpower (MOM), Tripartite Alliance of Fair Employment Practices (TAFEP), National Trade Union Congress (NTUC), RSVP and Rotary Foundation, is organising Age Friendly Asia Workforce 2011 (AFWA 2011).

This two-day conference aims to bring 400 CEOs and HR Directors from both private and public sectors to focus on creating healthier workforces and lifelong employability opportunities to their organisations and to raise funds to support intergenerational projects for needy seniors in Singapore.

All net proceeds from the AFWA conference will be donated to the 'RCJT Happiness Fund' created by the Rotary Club of Jurong Town specifically to support intergenerational projects to build awareness and support amongst youths about the needs of senior citizens in the community.

Our distinguished speakers include:

BG(NS) Tan Chuan-Jin, Minister of State for Manpower and National Development

And more...

Significance of Age Friendly Workforce Asia 2011:

1. Raise awareness of the impact of ageing on our society, businesses, individuals and families.
2. Raise awareness and express support for the upcoming legislation on Re-employment of older workers, which will come into effect in Singapore in 2012. Since many Rotarians come from the business and professional sector it is appropriate that Rotary be seen at the forefront supporting this legislation.
3. Demonstrate Foundation of Rotary Clubs (Singapore) Ltd's support of Fair Employment Practices through the pledge signing ceremony with Tripartite Alliance for Fair Employment (TAFEP).

As part of our service to the community, fellow Rotarians have also come together to share case studies and insight on the best strategies and resources for you to reap the economic benefits of employing and retaining matured workers. We have also created a special package for you to enjoy.

I strongly urge you to join us and look forward to welcoming you at AFWA 2011.

Yours faithfully,

Professor Leo Tan
