## Governor's Reflections: Welcoming the Rotary Year 2025–2026

**Dr Shahul Hameed**

District Governor 2025–2026, Rotary International District 3310

***Thank you Dr Yap Lip Kee for your dedication  
and service to District 3310.***

As the clock struck midnight on 30 June 2025, we turned the page on another meaningful chapter in our Rotary journey. On behalf of District 3310, I extend our heartfelt gratitude to Immediate Past District Governor Dr Yap Lip Kee, his partner Dr Rachael Yap, and the entire District Team of RY 2024–2025. Your year of service may have officially lasted 12 months, but the effort, commitment, and sacrifices — both personal and professional — extended far beyond that. We wish you a well-earned season of rest, rejuvenation, and joyful new beginnings.

## And now, 1 July 2025.

This date has been etched into my thoughts since the conclusion of the Governor Nominee selection process over 19 months ago. Questions loomed — *Will I be ready? Have I prepared enough? What about my professional responsibilities?* Yet, readiness often arrives not in certainty, but in conviction. Today, the wheel turns, and I am honoured to walk forward with you.

To all Rotarians and friends — welcome to a brand-new Rotary Year. A year to break barriers, cross borders, set aside our differences, and focus on the values that unite us:

**Compassion. Dignity. Service.** This is the year we answer the call to **Unite for Good.**

## Key Priorities for Rotary Year 2025–2026

### 1. Targeted Membership Growth

We aim to strengthen Clubs in the RED and AMBER zones while further empowering those in the GREEN and GOLD zones. A strong, diverse, and committed membership is the foundation of impactful service.

### 2. Advancing The Rotary Foundation

We will continue encouraging generous contributions — especially to our Endowment Fund — to secure Rotary's future impact. Our momentum in Global Grants will grow even further, and our unwavering commitment to **End Polio Now** remains firm.

### 3. Digital Transformation: ClubRunner for District 3310

We encourage all members to download and familiarize themselves with [ClubRunner](#) — an award-winning platform designed *by Rotarians, for Rotarians*. It streamlines administration, communication, and engagement, while linking seamlessly with MyRotary.

### 4. Special DTA Fund: Johor & Melaka Clubs

As a legacy of the District Training Assembly in April 2025, we have [created a special fund](#) earmarked for community projects targeting low-income beneficiaries. Each Rotary Club in Johor and Melaka is eligible to apply for a grant of RM10,000 from this fund.

### 5. Governor's Official Club Visits

All clubs have received confirmation of their Official Club Visit (OCV) dates. I thank all Presidents for your cooperation. My goal is to complete all visits by **November 2025** — so we can move swiftly into action together.

## What's Next?

District Committees will soon begin rolling out their respective programs. I encourage you to participate actively, stay engaged, and continue fostering the spirit of Rotary fellowship. Also, please block your dates for the next District Conference (**15-17 May 2026**) in Kuala Lumpur, Malaysia.

Let us **Unite for Good** — as a Club, as a District, and as a global force for peace and progress. Together, let us be reminded that Rotary is not just something we do — it's who we are.

*Warm regards,*  
**Dr Shahul Hameed**  
District Governor 2025–2026  
Rotary International District 3310
